

BRONZE SERVICE VALVE

FEATURES:

- It has a polyethylene end for connection to the network
- **Nominal pressure:** PN16
- Body marking that enables easy identification

MATERIALS:

- **Body and cap:** Brass CC499K according to UNE-EN 1982
- **Square handle:** Brass CW617N according to UNE-EN 12165
- **Ball:** Chrome brass CW617N according to UNE-EN 12165
- **O rings:** EPDM according to UNE-EN 681-1
- **Stem, bolt and sleeve:** Stainless steel AISI 304 according to UNE-EN 10088-1
- **Polyethylene pipe:** PE 100 PN16 according to UNE-EN 12201-2
- **Seats:** PTFE according to UNE-EN ISO 13000-1

DIMENSIONS:

REF	DN	PE	L	H
1524	20	25	470	84
1525	30	40	500	106
1526	40	50	515	122
1527	50	63	530	152
